Paying by Debit Card

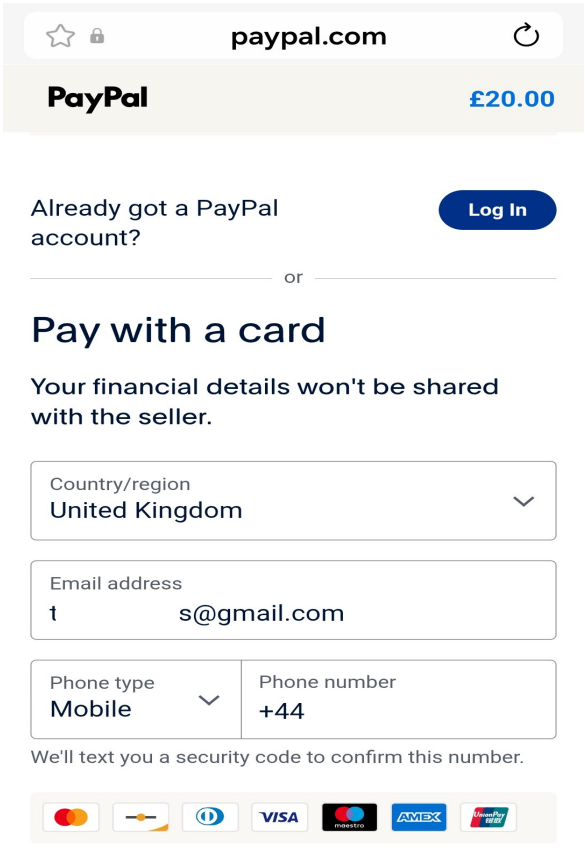

1. Select the plan you wish to purchase and click the Pay with PayPal button.

2. Enter an email address that is <u>not linked to a PayPal account</u> and click next to be taken to the Guest checkout.

3. Complete the Pay with a Card section to pay for your purchase.

PLEASE NOTE:
If the email address that the buyer is providing is linked to an existing PayPal account, the option to checkout as a guest will not be available (since PayPal has already established that the buyer has an existing account).

PayPal Cookies

PayPal as a business does make an effort to create new accounts. By using cookies on the user's browser, PayPal will check to see if the buyer has used the guest checkout multiple times. If so, they will remove the option and require the buyer to create a PayPal account. Since this is tracked through cookies, clearing the cache within their browser should restore the guest checkout option for the buyer.
